

Fund Accounting Made Easy

You need an accounting solution that handles complex operations yet is easy for all members of your staff to use. DAXKO Accounting is a fund-based accounting system with flexible forecasting, budgeting, and chart of accounts that work the way you do.

“The reporting and budgeting tools are fantastic. My only regret is not moving to DAXKO Accounting sooner...”

Vicki Parkhurst, Finance Director - YMCA of Northwest Florida

DAXKO
accounting

Benefits Overview

- Customizable Chart of Accounts
- More Control of Your Accounting Data
- Simplified Budgeting Process for All Users
- Easily Copy Over Last Year's Budget
- Greater Visibility with Forecasting Tools
- Accessible Anywhere, 24/7
- Web-Based, Hosted and Fully Secure

Keep Your Financial Data Secure

Strict User Access Control

DAXKO Accounting gives administrators very specific controls to determine which areas of the system users are allowed to access. Administrators can easily audit all transactions in real time. To ensure accountability, administrators can easily audit transaction history for individual users.

Your Data Is Secure

Unlike server-based applications, DAXKO seamlessly manages 100% of your data in a secure, world-class data center. There are no servers or computers at your YMCA with sensitive information that could be compromised or stolen.

Peace Of Mind Is Priceless

Protecting your data should be a top priority for your association. You can rest easy knowing your financial information is protected and secure with DAXKO. Back-ups, redundancy, upgrades, and the highest levels of security mean your data is safe with us.

Simplify Your Budget

Designed With All Users In Mind

Whether you are a CFO, Controller, Bookkeeper, or Program Director, DAXKO Accounting's budgeting tools will make your job easier. DAXKO Accounting facilitates communication between staff and is easy for non-accounting users to understand. Involving your entire staff in the budgeting process will save time and ensure accuracy across your association.

With DAXKO Accounting's Budgeting Tools You Can:

- Copy Over Last Year's Budget
- Enter Spreads by Individual Budget Item
- Import Last Year's Actuals Into an Individual Account's Budget
- Implement a Simple Budget Approval Process
- Complete Spread on Individual Budget Items
- Require Wage-Related Expenses

Plan Ahead With Forecasting

Quickly And Accurately Plan For The Upcoming Year

Planning and budgeting for the upcoming year can be difficult and time-consuming. DAXKO Accounting makes it simple to copy your budget to forecast and report on your progress throughout the year.

With DAXKO Accounting's Forecasting Tools You Can:

- Easily Copy Budget to Forecast
- Manage Budget for Upcoming Year
- Easily Report on Progress Throughout the Year
- Use Comparative Reporting to Preview Year's End
- Use Variance Filters to Identify Trouble Accounts

DAXKO Accounting. Works the Way You Do.

Designed With Your YMCA In Mind

Flexibility

DAXKO Accounting works the way you do because it is designed specifically for YMCAs. The flexible chart of accounts gives you ultimate versatility when pulling reports, budgeting, and forecasting. More options mean more control of your data.

Security

Like all of DAXKO's On-Demand solutions, our new accounting and budgeting software is secured in a world-class data center. Back-ups, redundancy, upgrades, and the highest levels of security mean your financial data is safe with us. Peace of mind is priceless-particularly for financials.

Control

As an administrator you have complete control over each of your user's system access. Because DAXKO Accounting is web-based, every member of your staff has convenient 24/7 access. You control exactly what areas of the system see.

Visibility

What makes DAXKO Accounting so exciting is how easy it is to access your data, customize reports, view audit trails, and complete tasks quickly and accurately.

Simplicity

Ensure accuracy by involving all of your staff members in your budgeting process. Streamline complicated budgeting tasks by entering spreads by individual budget item and save valuable time by importing last year's actuals into an individual account's budget.

Efficiency

DAXKO Accounting's forecasting tools give you complete visibility into your progress throughout the year. Easily manage your budget and plan for the upcoming year. Quickly copy your budget to forecast and use comparative reporting to monitor your progress.
